

Archivist Report

2020 Spring meeting, May 22, 2020

I took over the archivist responsibilities in February, 2020. I met with the previous Archivist Judy Griggs, in early March 2020. Before having a chance to review the materials, the Akron-Summit County Public Library closed all buildings. Unfortunately, I did not think to take the Archivist binder home with me.

No staff except for cleaning crews were permitted to enter any facility without a reason.

I was able to enter on Friday, May 1 when a burst water pipe caused significant flooding in our circulating books area. I was not thinking to pick up the Archivist binder.

The next time I was able to enter a building was today. My report is that I have nothing to report.

Respectfully submitted,

Monique Mason
