Marilia Antunez, 330-972-6262, mantunez@uakron.edu

**New PubMed**

The new PubMed will become the default site on or after May 18, 2020. NLM will continue to add changes to the site. "Links to the legacy site will be redirected to the new site. The redirects will be persistent, so old links will not "break" -- they will go to the new site once it becomes the default." Please refer to the FAQs page at:

**GMR Update session, 2020 OHSLA Spring Virtual Meeting, April 17, 2020**

Sam Watson, Academic Outreach Specialist from NNLM GMR (Greater Midwest Region), provided an overview of PubMed's key functions and answered participants' questions. Sam kindly shared with participants his presentation so that they could share information about the new PubMed with their students, residents, colleagues and other users: [NNLM GMR Update and New PubMed PowerPoint \(PPTX\) - includes speaker notes](#) Sam also provided updates about GMR's personnel changes, GMR's five-year goals, training, and available funding.

Respectfully submitted,
