

Approaching meaningful engagement (4-prong)

- Action plans by State Advisory Groups
- Embedded community ambassadors in Partner Outreach Program
- Community funding – Subawards
- Facilitating educational and engagement partnerships and activities

Highlights of last year

- Self-paced courses in health literacy and environmental justice
- Refreshed NNLM Webinar series (6 in the last year)
- NNLM book discussion group
- NNLM Reading Club – gives you resources to host book club

This year:

- Developing community approach with “Community Guide to Advance Health Information” – maps, statistics, and tools with specific stories on select counties in Region 6
- State Advisory Groups – Focus on key issues in each state – State action plan for key health topics and disparities
- Educational engagement –
 - Regional needs assessment
 - Train the trainer classes focusing on health dis and misinformation (will have virtual symposium in 2023)
 - Consumer health information services classes on-demand (5 one-hour Moodle modules)
- Communication – Facebook, Twitter, Blog, E-mail newsletters
- Partner Outreach Program – Support information equity and provide information access (37 activities, over 1,200 participants)
 - POP Examples
 - Doctor Speak: Health Literacy and healthcare professionals
 - Restored Visions – Community building girls group
 - Healthy Community Day – Drive-thru (this year, due to Covid). Librarian handed out health information bags.
